me.

A heart that loves is always young

**sweetest !**  
moment

Love's sweetest meanings are unspoken;  
the full heart knows no rhetoric of words.

It isn't possible to love and part. You will wish that it was. You can transmute love, ignore it, muddle it, but you can never pull it out of you. I know by experience that the poets are right: love is eternal. Love can come when you're already who you are, when you're filled with you. Not when you look to someone else to fill the empty space.

A happy marriage is a long conversation which always seems too short.
